

REMARKS

The amendments made herein correct typos and remove hyperlinks pursuant to M.P.E.P. §608.01. No new matter is added as a result of these amendments. Support for the changes may be found throughout the application as originally filed and throughout the examples.

In addition, the amendments made herein insert the benefit claim into the first line of the specification. Applicants note that the United States Patent and Trademark Office (“USPTO”) requires that the priority claim of an application be set forth in the sentence(s) of the specification following the title, preferably as a separate paragraph, pursuant to 37 C.F.R. § 1.78(a) and/or in an application data sheet (ADS) pursuant to 37 C.F.R. § 1.76. Further, as in the instant case, if the specific reference is only contained in the ADS filed June 20, 2005, the USPTO allows for the specification to be amended to contain such reference in the first sentence(s) following the title. Applicants submit that no petition or fee is required for entry of this amendment as prescribed in M.P.E.P. § 201.11. No new matter is added as a result of these amendments. Support for the changes may be found throughout the application as originally filed including the ADS.

CONCLUSION

No fees are believed to be due for this amendment. However, the Commissioner is hereby authorized to charge payment of any additional filing fees required under 37 C.F.R. § 1.16 and § 1.17 associated with this communication or credit any overpayment to the deposit account of Hunton & Williams, **Deposit Account Number 50-0206.**
